GENERAL TELEPHONE INFORMATION—Continued

CORRECT TIME.

Subscribers may obtain the correct time by calling the Exchange. A unit call fee is charged on each occasion.

WEATHER FORECASTS.

Country telephone subscribers may obtain the daily weather forecast by telephone on payment of £1 10s. per annum.

DIRECTORY INFORMATION.

ENTRIES

As a general rule, each subscriber is entitled to one free entry for each complete telephone installation at the same address. Such free entry is normally restricted to such details of name, address and telephone number as are, in the opinion of the Department, sufficient to enable the subscriber to be identified and called. Advertising matter is not permitted.

Additional matter and block type in entries and extra entries are permitted, subject to certain restrictions and charges. Details of the charges may be ascertained from the local Postmaster.

While every care is taken in compiling the directory, the Department is not responsible for the particulars contained in any entry included therein and accepts no liability for any omission or error which may occur. No claim for compensation in this respect will be entertained.

Any omission or error in the directory should be immediately notified in writing to the Superintendent, Telephone Branch, Melbourne, C.I., to whom inquiries regarding additional entries should be made.

COVERS.

Telephone directories which are supplied free of cost by, or purchased from, the Department must not, without the written consent of the Department, be enclosed in covers in or upon which advertisements are displayed.

ADVERTISEMENTS.

Correspondence and inquiries regarding advertisements in and upon this directory should be addressed to the Advertising Contractor, Mr. E. H. O'Brien, Temple Court, 422 Collins-street, Melbourne, C.I (Telephone M 5944). The Department accepts no responsibility in connexion with any advertisement or for any error or omission therein.

OBSOLETE TELEPHONE DIRECTORIES.

Owing to alterations in numbers, the use of out-of-date directories will give rise to ineffective calls and subscribers are urged to see that their directories are up to date. Obsolete copies should be discarded but not destroyed.

Help to prevent waste by making the old copies available to your local National Salvage Council or any patriotic or philanthropic bodies engaged in the collection of waste paper.

ADDITIONAL COPIES.

Extra copies of this directory, or copies of other directories, may be obtained at a charge not exceeding 4d. for each country section and 1s. 6d. for the metropolitan directory. Application should be made to the Postmaster.

POSTAL INFORMATION.

ORDINARY RATES OF POSTAGE.

(For Defence Forces, see rates in next column.)

WIRELESS INFORMATION.

LICENCES.

Fees.—A broadcast listener's licence must be held by the owner or user of a wireless receiver. The occupier of any premises is obliged to see that a licence is held covering any receiver installed on his premises. Broadcast listeners' licences are obtainable at almost any Post Office. The fee is 20s. per annum in Zone 1 (the territory within a radius of approximately 250 miles of a National Broadcasting Station), and 14s. in Zone 2 (other localities).

Licences Not Transferable.—Wireless licences are not transferable from one person to another.

Inspection of Licences.—Licences must be available for inspection by authorised officers of the Department at all reasonable times.

Change of Address.—Changes of address must be notified to the Senior Radio Inspector within fourteen days.

INTERFERENCE TO BROADCAST RECEPTION.

Listeners' reception of broadcast programmes is often marred by noises in their receivers. There is no remedy for those caused by atmospherics, but noises due to the operation of electrical appliances or the proximity of the electricity supply mains can be removed.

The Department will help listeners who are troubled in this manner. Anyone desiring assistance should complete a Radio Interference Form (available at Post Offices) and send it to the Senior Radio Inspector.

DEMONSTRATION OF WIRELESS RECEIVERS.

Subject to certain conditions, wireless dealers may install a set on demonstration in the home of a prospective purchaser for a period of three days in the metropolitan area and six days in the country.

Particulars may be obtained from the Senior Radio Inspector, General Post Office, Melbourne, C.1 (Central 132).

TELEGRAPH INFORMATION.

HOW TO SEND A TELEGRAM OR LETTERGRAM FROM YOUR TELEPHONE.

Ask the Exchange for "Telegrams."

Give your name and telephone number, and then dictate your telegram to the attendant.

Unusual or difficult words should be spelt and suitable code words used to ensure correctness—e.g., A for Albert, B for Bob, and so on.

The usual telegraph and telephone charges, plus a fee of 2d. per message, are debited to the subscriber's account.

A telegram addressed to a telephone number will be telephoned to the addressee free of charge, thus ensuring quicker delivery.

TELEGRAMS TO AND FROM COUNTRY SUBSCRIBERS AFTER USUAL HOURS.

A telegram may be telephoned over a trunk line to a subscriber from the nearest telegraph office which is open, when the trunk line charges involved are paid by the sender.

When the local telegraph office is closed, a country subscriber may be connected by trunk line to the nearest telegraph office which is open, for the purpose of sending a telegram.

The trunk line fees involved will be added to the telegraph charges.

RATES WITHIN THE COMMONWEALTH.

Ordinary Rate Telegrams.—Not exceeding 14 words (including address and signature)—Within a 15-mile radius of the office of origin, 9d.; beyond a 15-mile radius, 1s.; additional word, in each case, 1d.

Urgent Rate Telegrams.—Urgent Rate telegrams are charged at double the ordinary rate and are treated with the utmost expedition at all stages.

Defence Force Telegrams.—Telegrams will be accepted for transmission to and from members of the Forces within the Commonwealth at the rate of 6d. per message, not exceeding 14 words (including address and signature); each additional two words or less, 1d.

Double rates apply for urgent telegrams, each additional word being chargeable at one penny per word.

EXPEDITIONARY FORCE MESSAGES.

A concessional telegraph rate for messages to members of His Majesty's Forces abroad (including the A.I.F. in Palestine) operates between Empire countries and those foreign countries admitting the service known as the EFM facility.

EFM telegrams may be lodged at any time at a specially reduced cost of 5d. per word, with a minimum charge as for six words. There is no charge for the address or the indicator.

TELEGRAPH INFORMATION—Continued

ORNAMENTAL FORMS AND ENVELOPES.

Attractively coloured and appropriately designed telegram forms and envelopes are available, at no extra cost, for Social Messages, Birthday and Easter Greetings, Congratulatory Telegrams, and Mother's Day Messages and Christmas and New Year Greetings.

Inform the Attendant if you wish your

telegram to be delivered on one of these ornamental forms.

CODE ADDRESSES.

A code address for telegrams may be registered. For Commonwealth telegrams the annual charge is £2 2s.; for International telegrams, 10s. 6d.; and for both Commonwealth and International telegrams, £2 2s.

ALPHABETICAL LIST.

The Hours of Attendance at Exchanges, other than those with a Continuous Service, do not include Sundays and Holidays, unless specially indicated.
